If you go to a club at lunch time normally you just take your lunch there. If you are 1st sitting though and you need your lunch because you are going to a club you can get a lunch pass which allows you to skip the queue.

Some clubs will let you eat your lunch in them, some will only be on for half of lunch time so you can have your lunch in the other half and some you can walk in and out of so you can have your lunch whenever but you don't have to worry.
