## **MATHS – Edexcel Higher or Foundation**

Students have been completing half a past paper for homework each week in addition to their Sparx. Each paper has a QR code on the front with a video tutorial to support completion. There are 29 of these to do!

The following websites are also really great for further revision:

1. [www.mathsgenie.co.uk/gcse.php](http://www.mathsgenie.co.uk/gcse.php) - All GCSE **Topics** listed by grade in exam question style. Video tutorials, exam booklets and solutions by topic.
2. [www.mathsgenie.co.uk/papers.php](http://www.mathsgenie.co.uk/papers.php) - All **past papers** with mark schemes and worked solutions and video tutorials.
3. <https://www.1stclassmaths.com/topic-frequencies> - A list of topics by how often they have previously appeared. Please filter by Edexcel H for Higher or Edexcel F for Foundation.
4. <https://www.1stclassmaths.com/edexcelrevision> - More booklets by topic and at the top, an “ultimate” revision booklet with one question per topic and video solutions.
5. [https://www.onmaths.com/mock\\_exams/?archiveType=predictions](https://www.onmaths.com/mock_exams/?archiveType=predictions) – Do a paper online and see what grade you’re working at!

Remember you can find us in M8 every lunchtime for further support with any questions.
